

Children & Infant Water Exploration Splash Classes at the CERC

Saturdays

Splash 1

For children and infants 6 months and older who are not comfortable in the water.

Splash 2

For children 3 years and older, comfortable in the water, but not ready to swim without a parent.

This class is great for both kids who love bath time and those kids who are nervous about water in their faces. By singing songs and playing games in the pool, students will explore their faces in the water, but they are never forced.

Some of the basic skills are: water adjustment, breath control, balance, and personal pool safety. We also practice boating safety and basic first aid by the water. Students are fitted with a Coast Guard approved life-jacket before going in the small inflatable boat.

Infants and children between 6 months – 8 year old must have a legal adult in the water with them.

The CERC is a wonderful place to meet new friends and learn basic water skills!

Space is limited. Register today!
